## HOLDERNESS TOWN WARRANT 1978

### THE STATE OF NEW HAMPSHIRE

-----

To the inhabitants of the Town of Holderness in the County of Grafton and the State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Holderness on Tuesday the fourteenth of March, next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven-thirty o'clock in the afternoon of the same day.

**Article 1:** To choose all Town officers and to vote to accept the Zoning Ordinance as proposed by the Planning Board.

**Article 2:** To accept the reports of all Town officers and committees.

**Article 3:** To see if the Town will vote to raise and appropriate the sum of three hundred and fifty dollars (\$350.00) to meet the requirements of RSA 442 A in reference to the impoundment of dogs.

**Article 4:** To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the support of the local hospitals.

**Article 5:** To see if the Town will vote to raise and appropriate the sum of one hundred ninety five dollars and sixty nine cents (\$195.69) to maintain and continue the system of services of the Inter-Lakes Day Care Center. (By petition).

**Article 6:** To see if the Town will vote to authorize the expenditure of one thousand nine hundred forty seven dollars (\$1,947.00), with accrued interest, to be used as a setoff against the budgeted appropriation for Town Officer's expenses and authorize the withdrawal of said sum from Anti-recession Funds.

**Article 7:** To see if the Town will vote to appropriate six thousand eight hundred dollars (\$6,800.00) for a new plow and sander for the Highway Department and authorize the withdrawal of said sum for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

**Article 8:** To see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) said sum to be added to the Capital Reserve Fund established by Article 9 of the warrant of 1977 to finance investigatory engineering studies in connection with the future needs of the Fire Department.

**Article 9:** To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for setoffs against budgeted appropriations for the following priority items indicated, or take any other actions hereon:

APPROPRIATION	AMOUNT
Police Department	\$ 3,000.00
Fire Department	3,000.00
Town Dump	2,000.00

**Article 10:** To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) said sum to establish a Capital Reserve Fund as authorized by RSA Chapter 35, to finance the purchase of a new truck for the Highway Department and to authorize the withdrawal of said sum for this purpose from the Revenue Sharing Fund.

**Article 11:** To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report.

**Article 12:** To see if the Town will vote to authorize the prepayment of taxes and to authorize the collector of taxes to accept payment in prepayment of taxes in accordance with RSA 80:52a.

**Article 13:** To see if the Town will relinquish all right, title and interest of the Town of Holderness, if any, to a so-called "Old Range Road" lying between the northeasterly side of Coxboro Road and the southwesterly side of College Road, bounded on the northwesterly by Eugene and Mary Hilliker and on the southeasterly by land known as High Orchard and the land of Irving and Austin Marsh.

**Article 14:** To see if the Town will accept a deed to a fifty foot strip of land leading from Route 3 to the Town Disposal area being described as follows: Beginning at the northwest corner of the existing right-of-way into the disposal area and the southerly side of U.S. Route 3; thence S 64 degrees 00E. 50.76 degrees, thence S. 16 degrees 03'W. 1,236.25'; thence N. 67 degrees 05' W. 50.36'; thence N. 16 degrees 03' E. 1,239.00' to the point of beginning, said land being, nominally, a gift to the Town by Mr. Norris Littlefield.

**Article 15:** To ascertain the sense of the Town concerning acquisition of the former Camp Squamasee property, so-called, on Little Squam Lake in Holderness, now the property of Lake Forest Development, said property having been offered to the Town as a recreation area. (by petition).

**Article 16:** To see if the Town will authorize the Selectmen to promulgate an ordinance relative to the prohibition of dogs running at large.

**Article 17:** To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

**Article 18:** To see if the Town will vote to authorize the Selectmen to administer, lease, sell, and convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed.

**Article 19:** To see if the Town will authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government.

**Article 20:** To transact any other business that may legally come before the meeting.

Given under our hands and seals this 14th day of February in the year of our Lord nineteen hundred and seventy eight.

PROCEDURE OF THE TOWN MEETING AT HOLDERNESS, MARCH 8, 1977

-----

At a legal meeting of the inhabitants of the Town of Holderness, qualified to vote in town affairs, and held in the Town Hall of said Holderness, New Hampshire, on March 8, 1977, at 10 o'clock in the forenoon, the following business was transacted:

**Article 1:** To choose all necessary Town Officers for the year. See attached report.

**Article 2:** The reports of Town Officers and committees were accepted in entirety.

**Article 3:** To see if the Town will vote to raise and appropriate the sum of \$300 to meet the requirements of RSA 442A in reference to the impoundment of dogs. Voted in the affirmative unanimously.

**Article 4:** To see if the Town will authorize the withdrawal from the Capital Reserve Fund established in 1974 by Article 14, the accrued interest of \$970 to be used as a set-off against the budgeted appropriation for assessment and tax map update. Voted in the affirmative, unanimously.

**Article 5:** To see if the Town will vote to raise and appropriate the sum of \$500 for the support of local hospitals. Voted in the affirmative.

**Article 6:** To see if the Town will vote to authorize the expenditure of \$115. with accrued interest from the anti-Recession fund account, to be used as a set-off against the budgeted appropriation for Town officers' expenses. Voted in the affirmative, unanimously.

**Article 7:** To see if the town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following priority items indicated or take any other action hereon:

APPROPRIATION	AMOUNT
Police Department	\$ 5,000.00
Fire Department	2,500.00
Town Hall & Other Buildings	2,000.00
Capital Outlay - office Equipment	4,000.00

Voted in the affirmative, unanimously.

**Article 8:** To see if the town will vote to raise and appropriate the sum of \$22,230.00 to comply with State statutes relating to the cessation of open burning dumps and the disposition of solid waste by other methods. Voted in the affirmative - one dissenting vote.

**Article 9:** To see if the Town will vote to raise and appropriate the sum of \$2,000.00 said sum to establish a Capital Reserve Fund as authorized by RSA Chapter 35 to finance investigatory engineering studies and possible land procurement in connection with future needs of the Fire Department. Voted in the affirmative - with one dissenting vote.

**Article 10:** To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report: to raise and appropriate all sums so determined and to pass on any other vote related thereto not acted on in a previous article.

The moderator read the budget item by item. The Chief of Police, Mr. Gagne, moved the police figure be amended to \$43,000. Mr. Whitman seconded the motion. Voice vote was in the affirmative with several dissenting voices. The budgeted figure of \$20,575 for the Fire Department was amended by Clifton Hawkins to \$22,813 to include additional equipment. Seconded by Malcolm Taylor. Mr. Lyle Thompson moved to accept the balance of the budget as printed. Motion seconded by Dr. Staples. Moderator requested a vote to accept the entire budget including the amendments to the police and fire departments. Vote was in the affirmative, unanimously.

**Article 11:** To see if the Town will authorize the Selectmen to borrow in anticipation of taxes. Voted in the affirmative, unanimously.

**Article 12:** To see if the Town will vote to authorize the Selectmen to accept a warranty deed to Meadow View Road, so-called, said road to be thereafter a town road. Vote was in the affirmative, unanimously.

**Article 13:** To see if the Town will instruct the Selectmen to issue the tax bills by the fifteenth of August and to instruct the Selectmen to allow citizens to pay their taxes in two payments without interest being added on. Article was declared illegal as written and eliminated from the warrant. Motion made and seconded. Voted unanimously in the affirmative.

**Article 14:** To see if the Town will vote to authorize the Selectmen to administer, lease, rent sell and convey or otherwise dispose of any real estate acquired by the Town by any tax collector's deed. Voted unanimously in the affirmative.

**Article 15:** To see if the Town will authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government. Voted unanimously in the affirmative.

**Article 16:** To transact any other business that may legally come before the meeting. Mr. Roberts suggested the selectmen be empowered to investigate the possibility of having two tax bills. Mr. Taylor seconded. Voice vote was in the affirmative with some dissenting voices.

Mr. Frank Webster moved the selectmen be empowered to form a five person committee to study the minimum requirements for some form of zoning. Vote was in the affirmative with some dissenting voices.

Mr. Dana requested a rising vote of thanks to Herbert Karsten for his services as selectman and Joseph Carvelli for his as town treasurer.

Meeting was adjourned on the motion of Lyle Thompson, seconded by Mr. Dana.

Board of Selectmen  
Town of Holderness  
c/o Donald E. Dana, Chairman  
Holderness, N.H. 03245

Dear Mr. Dana:

This communication is intended to serve as a status report on the examination made by this Division of the accounts and records of the Town of Holderness.

The auditors' report and summary of findings are currently awaiting final Division review in keeping with our established policy. We do not expect to be able to submit a report of this audit prior to the publication of the 1977 Annual Report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your office in the very near future.

Very truly yours,  
Lorraine F. Racette  
Assistant Director

Due to the above it will be impossible to include the audit in the Town Report. The audit will be available to the public in the Town Clerk's office when it is received by the Selectmen.

### **LIBRARY TRUSTEES 1977 REPORT**

-----

The Holderness Free Library had a very good year. Building improvements included a new lower ceiling to conserve heat, and better lighting, thanks to the Town. Attendance was up in 1977, with 68 new library cards issued, for a total of 233.

The book committee - Sandy Heath, Ken Hawkins, and Allison Hodges - improved our book inventory. A good job well done. The hours during which the library is open have been extended. A new series of pre-school story hours was inaugurated. We had a very successful summer reading program. The trustees have continued their close association with the State Library.

The Holderness Central School children have prepared and posted very attractive exhibits each month, which are just great.

The Holderness Historical Society held a meeting in the library in November. The library is available to any organization wishing to use its facilities.

Respectfully submitted:  
Library Trustees  
Laura Heath  
Van Dana  
Helen Taylor  
Arlene MacDonald,  
Librarian

## **REPORT OF THE SELECTMEN**

The Selectmen achieved a significant milestone during the year by contracting for and establishing a containerized waste disposal facility, thus eliminating the open burning dump. Efforts in this direction were greatly facilitated by the cooperation of the Air Pollution Control Commission, the New Hampshire Electric Cooperative and the action of Mr. Norris Littlefield in donating land to the Town for the power line right of way.

After nearly twenty five years as Tax Collector, Mrs. Bernice E. Shields submitted her resignation. The thanks of the entire Town of Holderness are extended to Mrs. Shields for her long years of service to the residents and nonresidents of our area.

The Selectmen were fortunate to be able to name Mrs. Corrine M. Demers, our former Town Clerk for nine years, as Tax Collector to serve the unexpired term of office.

We wish to thank all the Town officials for their wholehearted cooperation and assistance during the year. Special thanks also to the various standing committees who have worked tirelessly for the Town.

Donald E. Dana, Chairman  
John L. Putnam  
Irving R. Marsh

## **REPORT OF THE HOLDERNESS POLICE DEPARTMENT**

-----

The Holderness Police Department completed an increasingly active year answering 1,248 various calls. This is up 528 from the 1976 amount of 720 calls. A detailed list follows:

### **LIST OF CALLS**

During the year the Department was proud to play a part in the arrest and conviction in Federal Court of several members of the Hudson Gang working out of the Lewiston, Maine area. This group has plagued the Lakes Region for sometime with break-ins and antique thefts. We now hope that this will curtail some of this type of activity in the area.

The Department personnel was increased by the hiring of Michael O'Donnell. Michael will be following in the footsteps of his father in law enforcement and with interests in diving, flying, and photography is sure to be an asset to the Department. He is a graduate of Plymouth State College and the N.H. Police Academy.

Upon moving into Holderness, Barry Wescott was hired as a Special Officer and brings with him his expertise as past Sargent with the Waterville Valley Police Department. He joins Special Officer Gary Mack in covering shifts and special events. Gary has also assumed duty as firearms instructor conducting shooting qualifications and instruction for members of the force.

To supplement the Specials the Department hired Gerald Griffin for the summer to cover the bridge area. Gerry is a criminal justice major from Northeastern and became involved in all aspects of police work. To cope with the handling of female offenders, we have Elizabeth Gehling to act as a matron when the need arises.

Again this year the Department made use of schools provided by the state for law enforcement officers. Officer Zampieri successfully completed a two week course in basic and advanced latent fingerprints taught by the F.B.I.

I would like to take this time to remind citizens to report any suspicious activity they see and to also drive safely during the coming year.

Respectfully submitted,  
Richard J. Gagne, Chief  
Darryl Zampieri, Patrolman  
Michael O'Donnell, Patrolman

## FIFTY-FIFTH REPORT OF THE HOLDERNESS FIRE DEPARTMENT

-----

Thirty six calls for assistance were answered in 1977 (from Dec. 1, 1976 through November 1977.) Fourteen were fires in Holderness buildings, ten were to assist neighboring towns - Mutual Aid calls - six were search and rescue or requests for medical assistance and six for such things as gas washdowns or pumping out flooded basements. Funds appropriated by the town for fire and other disaster protection continue to be one of the best bargains in town government considering reduced insurance rates for having top-line equipment in the station and Mutual Aid assistance available. We continue to urge the insurance underwriters to recognize also personnel training, response time and specialized equipment which make us more efficient. All of these factors work together to reduce the chance of property loss, personal injury or death. An ice rescue kit has been prepared including a fibreglass pram donated to the department. This small boat contains the gear necessary to fish a victim from a hole in the ice.

At last year's town meeting \$2,000 was appropriated to initiate advance planning toward a new fire station. Anyone who has tried to use our existing facility for a meeting or other function can readily attest to stumbling over coils of drying hose or having to climb over bumper to bumper vehicles. In one case, a longtime resident of this town had to eat her dinner off the tailgate of our firetruck. Inquiry into the availability of various federal funds has been made through Senator McIntyre's office in Washington. Consideration has even been given to the idea of a solar-heated hose drying tower. It is important to note that 50% of last year's building fires in town were chimney fires (see list below). The majority of these were in late winter when creosote and fly ash had built up inside of flues to the point where they were easily ignitable. A mid winter flue-scrubbing is recommended, especially if you are burning less than fully seasoned firewood. Flues built outside the warmth of a house tend to load up more rapidly than "central flues". Chimney fires, once ignited, burn very hot and can get into the walls of your home. DON'T LOSE LIVES AND PROPERTY SAVING ENERGY !!

## WOODSTOVE SAFETY

Keep 36 inches of clearance on all sides of your woodstove. This distance may be lessened if you use a radiation shield held out one inch from the wall. Asbestos is NOT a heat shield, it is just fireproof. We have seen fire in walls behind asbestos sheets. Stovepipes should be at least 26-gauge. The heavier thickness will resist heat burnthrough and corrosion longer. A masonry flue is the safest. Place two inches of sand in the bottom of your woodstove to reduce radiation and high temperatures against the floor. We had a fire caused by not doing this. Do not store dry wood back in the woodbox. We had still another serious fire caused by doing this.

Don't burn artificial logs in a metal woodstove. They give off corrosive gases that eat away at the insides. Use a fireproof container for removing ashes. Remember, ashes stay hot for hours long after you think they are out. If your flue does start to burn (you can often tell by a loud roaring sound) call us immediately. Don't try to extinguish the flames yourself. One family who tried this lost their entire home.

The Eric West family hosted an August 29 cookout for the members of the dept. and their families. Eric said it was in appreciation for what we had done in trying to save his boathouse. This left some of us to wonder what kind of celebration should have been held in our honor had we saved the boathouse! As in years past, Holderness hosted the September Mutual Aid Inter-Departmental Drill to which eight other towns came. Using the Science Center's big field, we were able to practice working with neighboring fire departments in maintaining a steady flow of water by tank. Edward N. Warfield, new Chief Coordinator of the Lakes Region Mutual Fire Aid Assn. in Laconia, visited the dept. on Oct. 6 to bring us up to date on such things as centralized purchasing, new radio procedures and beefed-up training efforts. During this past year we made available, for slightly above cost, battery and ac-powered home smoke detectors. Our supply went quickly but you can purchase one almost anywhere. NO HOME OR BUSINESS SHOULD BE WITHOUT ONE.

IN EVERYTHING YOU DO AROUND THE HOME, SCHOOL AND JOB - THINK FIRE SAFETY. FIRE TELEPHONE 1-524-1545.

Respectfully submitted,  
Malcolm "Tink" Taylor, Clerk  
Holderness Fire Department

## 1977 ANNUAL REPORT OVERSEER OF WELFARE

-----

Under present welfare guide lines, applicants must sign prepared forms attesting to their need, those considered eligible receive one or more food orders to tide them over until some arrangement is made for self support. During the year eight families were interviewed, of which three received help.

The sum budgeted for Welfare is very variable. The year ended with the expense of the town's share for three persons on Old Age Assistance and two people on the Total Disabled Program, a figure that changes monthly depending on care needed, hospitalization etc.

Respectfully submitted  
 Laura M. Heath

## ANNUAL REPORT OF PLANNING BOARD

---

The year of 1977 was a busy one for the Holderness Planning Board, with several periods of intense activity, as indicated by its number of meetings. Five out of its nineteen meetings were held during the month of March when the condominiumization of two parcels of property, the West Wind Cottages and the White Oak Motel was given consideration.

At least twice as many additional meetings took place (during this period) between the Planning Board Chairman, the Lakes Region Planning Commission, and the State Office of Comprehensive Planning, and the law office of Atty. Killkelly. The intense density of the cottages in both of these properties 23 and 26 units clustered on about three and a half acres of land, with some of these units having sewage systems **within** the 200 ft. radius of the water supply and close to the lake side of Big Squam, in the case of West-Wind, and White Oak Pond for the White Oak Motel property. The planned enlargement, winterization and utilization of these dense cabin colonies for increased periods of the year, some year-round, could do nothing but cause pollution of the land, and from there Big Squam Lake and White Oak Pond.

These and other considerations resulted in disapproval by the Planning Board of both ventures. The Planning Board appreciated the moral support of the townspeople, plus the officers of the Squam Lakes Assoc., the advice of David Scott and others of the Lakes Region Planning Commission staff, and especially the legal council of Atty. Killkelly.

One of the problems that confronted the Planning Board was the State's definition of the term "subdivision." This term, however, was given a broad meaning, which included condominiums, in the Town's Subdivision Regulations. So that this question would not confront our town again, or any other town in the state in the future, the Planning Board Chairman, with the aid of the Lakes Region Planning Commission and the efforts of Legislators "Tink" Taylor of Holderness and Neil McIver of Plymouth, was able to effect legislation broadening the State's definition of "Subdivision" using quite similar wording to that found in the Town of Holderness Subdivision Regulations. This new and broader definition of the term "Subdivision" for the state became effective August 26th. 1977.

While passing around bouquets and words of appreciations, I would be remiss if I did not again mention the Lakes Region Planning Commission. The Planning Board Chairman Dr. Lawrence Staples, and Lawrence Flint represent the Town of Holderness on this Commission. Last summer the L.R.P.C. reprinted the Town's subdivision Regulations without charge, and the staff and their library is always available for advice and study on request. The commission has also furnished the Town with a series of maps depicting by color the nature and different types of soil to be found throughout the town, also the wet-lands and rocky areas and different degrees of the various slopes of our hills and mountainsides. A study of the coloring of these maps tells with a "great" degree of accuracy the type of soil and terrain, thus indicating the land's capability for use.

There are times, even after studying the map (of a subdivision), and traversing on foot over the land in question by the Planning Board members, certain developers or their agents are prone to be critical of the Planning Boards reports and decisions. For example, in one instance it was impossible to stand in one spot for even a few minutes on one parcel of land without becoming aware that one's feet were getting wet. When the situation becomes too critical, and to verify it's own findings, the

Planning Board will call in Mike Dannehy or one of his associates of the U.S. Dept. of Agriculture Soil Conservation Service at Woodsville to make an on-site examination of the area in question, thereby verifying the Board's findings.

The Planning Board Chairman, again this autumn, together with Mrs. Staples, (at their own expense) participated in the second Municipal Legal Training Consortium, which was a rotation series of six lectures, being given on six consecutive Tuesday evenings in six sections of the state by six of the State's leading attorneys. The subject matter included Planning, Land Use, Municipal Administration, Subdivision, Zoning Roads and Community Development. The series was sponsored by the Lakes Region Planning Commission, the N.H. State Planning Office, the N.H. Bar Association and N.H. Municipal Association. These lectures are of interesting value as they bring to one's attention certain state and national court interpretations of certain legal measures in the field of planning and land use.

As one of the Town's representatives to the Lakes Region Planning Commission the Planning Board Chairman has attended each of the Commission's monthly meetings (Bert Flint being the second member). These meetings have been held monthly in twelve different towns in the region. The Commission hopes to hold its monthly meeting in Holderness on Monday, April 24th. This will give the citizens of Holderness an opportunity to see the Commission in action. The time will be 7:30 to 9:30 p.m. Just what the agenda will be I cannot say at this time. One of the programs reaching completion last year was a study of a Regional Land Use Plan, which includes both economic growth and environmental protection for the region. It can serve as a model for adoption by individual towns, if enacted it will bring the communities in compliance with Regional Policies. One of it's objectives is to encourage a balanced regional economy, which will provide employment for a population of varied characteristics and employment skills, encouraging new non-polluting industry in the area, the protection and preservation of public water sources, Population growth, transportation, housing, agriculture and tourism were also involved in the study.

The following is the financial report of the Planning Board for 1977	
Total amount appropriated for Town Planning for 1977	\$ 1,696

**DISBURSEMENTS**

Holderness Share for Membership in the Lakes Region Planning Commission	1,046
Routine Planning Board Expense	98.86
Subdivision Regulation Implementation expense	282.26
	<hr/>
	1,427.12
	<hr/>
Total Planning Board Expenses for 1977	1,427.12
Unexpended amount of 1977 appropriation remaining in Town Treasury	268.88

This surplus occurred because the pressures of certain planning board activities prevented the planned and much needed revision and reprinting of the Town's Subdivision Regulations during 1977. This planned for and much needed work becomes an urgent expense item for the coming year. Also certain legal expenses, included in the Planning Board appropriation were billed directly to the Town and do not appear on this report. It should be noted that the Town is reimbursed for some of the above mentioned expenses for Subdivision Regulation Implementation expenses through the payment, by the Developer, of an "Application for Subdivision Approval Fee". These fees amounted to \$153.72 in 1977, and although "income" to the Planning

Board cannot be used by them, and such funds are periodically forwarded to the Town Treasurer. Members of the Holderness Planning Board are:

Captain E.M. Waldron  
Milton Huckins  
Jon Bourne  
Peter Hendel

Frances Ayer, Secretary-Treasurer  
Lawrence M. Staples, D.M.D. Chairman  
Donald Dana, Selectmen Representative

Representatives to the Lakes Region Planning Commission are:

Lawrence Flint  
Lawrence M. Staples, D.M.D.

Respectfully submitted,  
Lawrence M. Staples, D.M.D.  
Chairman

## REPORT OF THE PEMI BAKER HOME HEALTH AGENCY

-----

The Pemi Baker Home Health Agency continues to provide much needed health care to Holderness residents. In 1977, the registered nurses made 187 calls in our town. Home Health Aides made 63 calls and Homemaker Aides made 243 calls. These calls often mean a patient can be cared for at home rather than in a nursing home.

In addition to skilled nursing care and homemaking assistance the Agency provides service to new mothers and conducts free blood pressure clinics. Holderness residents may attend the blood pressure clinics held in Ashland on the first Thursday of each month at the Baptist church. We have been in need of a physical therapist for several years. At this time plans are underway to share the services of a therapist with the Sceva Speare Memorial Hospital. We hope this service will be available before summer.

Each member town pays \$2.00 per capita to make the services available. Costs not covered by Medicare, Medicaide, or insurance are born by the patients according to their ability to pay. Service is never refused because of inability to pay. All requests for home health care must come through a physician. If you have questions about the service call the Agency office at 536-2232.

Eleanor Wolf  
Holderness Representative to the  
Board of Directors  
Pemi-Baker Home Health Agency

## **REPORT OF THE HOLDERNESS HEALTH OFFICER**

-----

In the last year seventeen permits have been issued for the proper handling of waste matter.

About fifty phone calls have been received relating to health matters concerning the welfare of the town.

As of January 1st of this year, sending a water sample to Concord costs the residents \$10.00. As stated in the letter I received: "Please be advised that effective January 1, 1978, as mandated by the 1977 legislature in footnote #56 to Chapter 600 Laws of 1977, a fee of \$10.00 must be collected for all water samples analyzed by the N.H. Water Supply and Pollution Control Laboratory."

Elwin Melanson  
Health Officer

## **REPORT OF THE HOLDERNESS PARK BOARD**

-----

The present Holderness Park Board Committee was organized late in the season so only minor maintenance could be done to open the beach. This included leveling of the building, and repainting the stairs, tables and benches, the life guard chair, the float and the new volley ball post.

On June 17, 1977, Troop #70 as a community project mowed the lawn, and raked and cleaned the beach area. They also assisted in placing life lines and the float in the water. Special thanks to Paul Needham for all his advice and assistance and to Lyle Thompson and his crew for hauling new sand, removing dead trees and all the other help they gave us.

A special thanks too to all the people who helped sell tickets, for all the donations from our businesses, and to local and state officers for their assistance to promote the safety of our beach.

Many people enjoyed our lovely beach - we sold 85 tickets - and we hope that this coming year more people will join us. We'll see you at the beach. Be sure to get your tickets early.

Respectfully submitted,  
Sue Gehling  
Kim Hawkins  
Roger Gage

## REPORT OF THE CONSERVATION COMMISSION

-----

### **RECYCLING:**

After almost five years' existence the Holderness glass recycling project started by Commissioner Al Bushnell, ended with the introduction of a solid waste compactor at the dump. The Commission would like to see an ongoing program of resource recovery on an expanded scale since such things as paper, cardboard, aluminum and glass are bringing good market prices. But to expand this idea in Holderness, as some of our neighbors have done, means a commitment of funds to get it going.

### **WHITE OAK POND:**

On August 30, Chapter 342 of the N.H. Laws of 1977 became effective. It restricts the horsepower of motorboats on White Oak Pond to no more than 7.5 h.p. This was done in response to members of the White Oak Pond Watershed Association who first approached the Commission and then the legislature. The purpose of this new law is to protect the small pond from the excesses of high speed boating and water-skiing. In its final form the bill was amended to accommodate owners of existing boats of higher horsepower.

### **LIVERMORE FALLS GORGE:**

As far back as 1969 a study of six Lakes Region communities, including Holderness, recommended cleaning up the junk and debris at Livermore Falls, and development of the scenic area into a family picnic/recreation area. But it was not until 1977 that some sort of positive action was taken - a Livermore Falls Gorge Study Commission was established. This 12 member commission includes a Holderness selectman, Planning Board member and chairman of this Commission. If you have any ideas on what should happen to the area contact us and we will see that your comments get to the right place. The Livermore Falls Commission has as its prime job the study of the various uses the area might be put to, and working with the present landowners who now have it for sale. Public hearings are to be held with final recommendations being made to the legislature before the end of the year.

### **OLD SQUAMASEE LAND**

In last year's annual report we mentioned the offer of land to the town by the owners of Lake Forest development on the back side of Little Squam Lake. Two informal meetings with the commission, owners, selectmen, a Planning Board member and Squam Lakes Board of Trade have been held. The commission engaged an appraiser who judged it to be in the ballpark of from \$150,000 to \$250,000. If the town should decide to acquire it the federal Bureau of Outdoor Recreation will pay half the appraised value. In order to know whether or not to pursue this matter the commission is co-sponsoring a warrant article at the 1978 town meeting to get the sense of the voters.

### **DREDGE AND FILL OF WETLANDS**

This Commission received only 5 applications for dredge and fill permits in 1977; the Robert and Mary Denison property and Delphia Miclon, both on Squam Lake; Robert Clark on Little Squam, and the N.H. Dept. of Public Works and Highways on Route 113. No public hearings were called by this Commission. However in July a complaint was received that allegedly illegal filling was occurring in Grapevine Cove, Squam Lake. The owner was requested by the Commission chairman and a police officer to stop until proper sediment safeguards could be met. A final cease and desist order eventually came from the N.H. Water Supply and Pollution Control Commission.

**UNSIGHTLY JUNK AROUND TOWN**

Complaints were received during the fall concerning unsightly junk cars along Route 175. The complanant was sent a letter explaining N.H.'s Roadside Junk Law. This Commission lacks the legal authority to take any enforcement action but would like to see townwide support for a clean-up effort.

**FIRST SOLAR HOME**

The town's first solar heated home is now under construction on Mt. Prospect Road. In 1976, Holderness voters approved the exemption of solar heating and cooling devices from local property taxes.

Respectfully submitted,  
Derwood Corbett  
Richard Currier  
Robert Nicols  
Kent Smith  
Malcolm "Tink" Taylor, Chm.

**TOWN HALL BUILDING COMMITTEE**

-----

A minimum degree of improvements were accomplished at the Holderness Town Hall during this past year, 1977.

The roofs of the three Town sheds adjacent to the Town Hall received a coat of paint and two storm sashes were installed on the windows to the left of the entrance to the Town Offices.

Due to inclement weather this past winter, the storm enclosure at the entryway has not been constructed. Yet to be done, with money having been appropriated, is the fireproofing of the utility room.

For this year, 1978, we are submitting to the Selectmen the appropriation of funds to resurface a portion of the road at the Town Hall and the walkway to the Town Offices. It is the opinion of this Committee that our road agent, Lyle Thompson, who with his experience and contacts should be the one to seek bids and direct this project.

Respectfully submitted,  
Paul M. Needham, Chairman  
Kent Smith  
Anna Heath

**REPORT OF FIRE STATION COMMITTEE**

-----

It was decided by the Committee that a suitable building site for a new Fire Station within a close proximity to the existing building is not obtainable at the present time. Therefore, any new construction or re-construction should be planned for at the current location.

Since the report of the Committee in 1977 indicated the present facilities to be inadequate, a tentative floor plan and front elevation of a proposed structure was presented to the Committee at a recent meeting by member Kip Hawkins to be constructed at the existing location of the fire headquarters which would include all of the facilities and requirements suggested by the department.

A construction firm has given an unofficial estimated cost for an 8,784 square foot facility, complete with solar heat plus conventional auxillary heat, full insulation, triple glazed windows, brick colonial exterior, septic system, painting and decorating at \$55.00 per square foot.

There is a possibility of Federal granting for this purpose. This was one of the recommendations put forth in our 1977 report (which was read aloud by the Moderator at Town Meeting March 8, 1977) that Federal money be requested for this purpose. Our investigation proved that it was not available at that time. It is also reported that at the time of this report no Federal funding is available.

However, a continuing effort to obtain Federal granting using the assistance of the Lakes Region Planning Commission and others shall be carried on this year. A considerable amount of study and investigatory work over a long range is required in order to develop a definitive plan including the costs involved.

Respectfully submitted,  
Irving R. Marsh, Chairman  
Russell Goss  
Capt. Eugene Waldron  
Kip Hawkins, Exofficio  
Dick Mardin, Exofficio

## **HOLDERNESS SCHOOL DISTRICT MEETING MARCH 31, 1977**

The meeting of the Holderness School District was called to order at 7:45 pm at Holderness Central School by assistant moderator, Malcolm Taylor. About 75 townspeople were present and board members: Mr. Barlow, Mr. Cirincione, and Mr. Wentzell; principal Mr. Eames.

Mr. Wentzell moved and Mr. Kent Smith seconded:

ARTICLE I: I move to accept the reports of agents, auditors, committees, or officers.

The vote was in the affirmative.

Mr. Wentzell moved and Mr. Kent Smith seconded:

ARTICLE II: I move that a contingency fund be established in accordance with RSA 198:4-b, such a fund to meet the cost of unanticipated expenses that may arise during the year and further to see if the District will appropriate \$250.00 for this purpose.

Mr. Wentzell then moved that the article be tabled until after Article IV. The vote was in the affirmative.

Mr. Eames moved and Mr. Randy Dales seconded:

ARTICLE III: I move that the District will vote to authorize the school board to make application for, accept and expand on behalf of the School District all gifts, advances, grants-in-aid or other funds for educational purposes, as may now or hereafter be available or forthcoming from the United States Government, the State of New Hampshire, or any other federal, state or local agency.

The vote was in the affirmative.

Mr. Wentzell moved Mr. Dales seconded:

ARTICLE IV: I move that the sum of \$453,250 be raised and appropriated for the support of schools, for the salaries of school district officials, employees, and agents, and for the payment of statutory obligations of the District.

Mr. Kent Smith moved and Mr. Michael Hayes, seconded that the motion be amended to \$425,250. When questioned why the \$28,000 cut, he answered because there was a \$25,000 surplus last year.

Mr. Cirincione answered that the \$25,000 was principally the result of a large number of eighth graders going to private school and thus their tuition was not used.

Mr. Richard Morse commended the school board on keeping the budget at only 7% increase.

Mrs. Olive Staples, budget committee member, said the budget committee agreed with the board's total and that the board worked hard to keep it low.

The vote on the amendment was negative.

Mr. Wentzell and Mr. Cirincione said they would be glad to go over the budget line by line, but it had been done at the budget hearing when everyone's questions had been answered.

Mrs. Fairbanks asked whether the 4% increase for teachers was as it appeared.

Mr. Cirincione said that the total cost of salaries as negotiated and the additional time for music and art would bring the total increase to over 6%. But the total budgeted last year was not used because of teachers leaving who were replaced by less experienced teachers. The net increase this year compared to last year is 4%.

Mrs. Elsner asked for a salary breakdown.

Mr. Cirincione showed on the overhead projector that there were nine full time, five part time teachers and where their positions were on the salary scale.

Mrs. Flint pointed out that of the 795 registered voters only 120 families represented the school. How can all these people stand the expense of a minority.

Mr. Lowies said other towns look to Holderness for salary scales. Mr. Lowies said that the salaries should not be increased.

Mrs. Cirincione felt a good education is very important and can only be obtained with good teachers.

Mr. Eames pointed out that the tuition cost per pupil had gone down from \$1186 to \$1103, because of more students enrolled and efficient management.

Mr. Putnam asked what the increase was for the extra time for secretary, music and art. It is \$3,000.

The vote was in the affirmative.

Mr. Wentzell moved that ARTICLE II be amended to read that \$3,000 be appropriated for the contingency fund. This is an increase of \$2750. The reason the contingency fund needs to be increased is for repairs for a leak in the roof which has already affected the electrical wiring.

The vote was in the affirmative. This amendment puts the total budget to \$456,000.

Mr. Taylor then read ARTICLE V: To transact any other business that may legally come before the meeting.

Mr. Wentzell then spoke about the move of another town for cancelling their contract with the Area High School. He warned that if the courts voted in the affirmative for the town, all the other remaining towns would have an added burden.

Elsie Heyman, new board member, introduced herself.

Mr. Wentzell was given a vote of thanks for his term on the board.

The motion was made to adjourn.

Respectfully submitted,  
Georgene W. Fabian, Clerk

## THE STATE OF NEW HAMPSHIRE

-----

To the inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Town Hall in said district on the fourteenth day of March, 1978, at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

Given under our hands at said Holderness this 27 day of February, 1978

Patrick Cirincione  
Kevin Barlow  
Elsie Heyman  
School Board

School Board

## THE STATE OF NEW HAMPSHIRE

-----

To the inhabitants of the School District in the Town of Holderness, County of Grafton and State of New Hampshire, qualified to vote in District Affairs.

You are hereby notified to meet at the Holderness Central School in said District on Thursday, the ninth day of March, 1978 at 7:30 o'clock in the afternoon of said day to act upon the following subjects:

Article 1: To hear the reports of agents, auditors, committees or officers chosen and to pass any vote relative thereto.

Article 2: To see what sum of money the District will vote to appropriate for the repair or replacement of the school building roof, and determine whether such sum shall be raised by borrowing under the Municipal Finance Act or otherwise and pass any vote relating thereto.

Article 3: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Article 4: To see if the District will vote to require the School Board to publish a detailed statement of payments, including salaries and wages, in the annual school District report, such statement to be of the same type published by the Selectmen in the Town Report. (This Article inserted by Petition).

Article 5: To see if the District will vote to raise and appropriate the sum of \$400.00 to cover expenses of the District incurred in the implementation of an affirmative vote on Article 4 hereof.

Article 6: To see what sum of money the District will vote to raise and appropriate for the implementation of morning transportation for high school students residing more than one-half mile from an established school transportation route and to pass any vote relating thereto.

Article 7: To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any Federal, State, local governmental or private agencies.

Article 8: To transact such other business which may legally come before said meeting.

Given under our hands and seals this 15th day of February, in the year of our Lord nineteen hundred and seventy-eight.

Holderness School District  
By Its School Board

Kevin Barlow  
Elsie Heyman

**REPORT OF THE SUPERINTENDENT OF SCHOOLS**

In a time of ever-broadening responsibilities for education, we are vitally concerned with giving opportunities to all students, no matter how individual their talents or how special their needs. At the same time, we have not forgotten the basic and broader purposes of education. We are all aware that children entering our kindergarten in 1978 may graduate from our secondary school into a world radically changed from what it is today. It may be a world where working hours are greatly reduced and where the traditional "liberal" aspects of education become increasingly important. It may, indeed, be a world that will understand the significance of Aristotle's statement that the object of education is to help people use their leisure rightly.

During this past school year I feel that the administration and staff have performed admirably in finding ways to prepare our youth for the world of tomorrow. The quality

of a child's education depends on the ability of his instructors and the quality of the teaching he receives. Much time is invested in seeking out the best teachers available for our Holderness children. We are proud of the staff members currently employed. Also, the curriculum --- the subject matter actually taught in school --- is a most important part of a school system. The administration has been receptive to new ideas and new ways of teaching, and has encouraged teachers to innovate as much as possible. It is also true that we do not encourage any large degree of experimentation. I believe that our curriculum reflects the creativity and flexibility of our teachers and administrators, the encouragement and understanding of the school board, and the community's support and desire for education. This past year was a successful school year. There is still much to do. We must continue to evaluate programs and make our curriculum more relevant to our children's needs. We must continue to help children learn more about themselves, their parents, their friends and their total environment. Emphasis will be placed upon the importance of study, planning, and the extra effort needed to attain quality education.

Respectfully submitted,  
Donald A. Cosgrove  
Superintendent of Schools

#### **EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1976 - 1977**

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the union."

One half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$22,000 which was received by the Superintendent of Schools of Supervisory Union #48 during 1976-1977 was made up as follows: \$2,500 paid by the State of New Hampshire and \$19,500 was prorated among the school districts comprising the Supervisory Union. Allowance for \$800 travel within the Union was also prorated as stated above.

The salary of the Assistant Superintendent during 1976-1977 was made up as follows: \$2,380 paid by the State of New Hampshire and \$16,620 was prorated as stated above. Allowance for \$1,700 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Adjusted Percent	Supt. Salary	Supt. Travel	Asst. Supt. Salary	Asst. Supt. Travel
Campton	14.81	\$2,887.95	118.48	\$2,461.42	251.77
<b>Holderness</b>	<b>14.39</b>	<b>2,806.05</b>	<b>115.12</b>	<b>2,391.62</b>	<b>244.63</b>

**HOLDERNESS CENTRAL SCHOOL  
ANNUAL REPORT OF THE PRINCIPAL  
FEBRUARY, 1978**

-----

To the School Board, Superintendent of Schools, Parents and other residents of Holderness, I respectfully submit my annual report.

Our enrollment continues to grow at a surprising rate. Growth patterns are difficult to project, but it does appear that our community is going to continue to grow in the near future. We presently have a student body population of 230 students which represents a growth of approximately 15% over the last couple of years. Despite this we have been able to accommodate these numbers by making necessary internal adjustments and have not had to request additional facilities or staffing.

We experienced few personnel changes this year. Mr. Michael Popinchalk, a 1977 graduate of Plymouth State College, has replaced Mr. Mark Davis as our Gr. 5-8 Social Studies teacher. Miss Elizabeth Ray, a graduate of P.S.C., has replaced Mr. Stan Thurber as our vocal and instrumental music teacher. Mrs. Marcia Leavitt, also a graduate of Plymouth State, has replaced Mrs. Debra Underwood as our classroom aide. Mr. Ron Pelchat has replaced Mr. Richard McCormack as our head custodian. Mrs. Virginia Lahey, a graduate of P.S.C., and Mrs. Mary Mumford, are serving as tutors.

School-community relations is an area of concern that we are always searching to improve. Since our town is spread over such a wide geographical area, our school is the one common meeting ground that we all have. We are proud of the comprehensive educational program that is available for youngsters. However, we also feel that it is very important to communicate our program to our community. This keeps people better informed, can serve to avoid misunderstandings, and can provide the stimulus for meaningful discussions between students and parents at home. We welcome and encourage feedback from interested residents of Holderness on any and all aspects of our total educational program. We also encourage visits from townspeople during any school day.

Our faculty has planned several evening events this year which are designed to showcase student achievements. Among these are our Arts Evening, our Christmas Program, the Science Fair, the Physical Education Demonstration, a three act play, and the Spring Music Concert. In addition, parent-teacher-student conferences are scheduled at the end of each term.

In order to further inform people of activities of School, the **Record Citizen** publishes a "Spotlight on Holderness Central School" each week which includes pictures and captions. These are designed to serve as a springboard for discussions at home between parent and child. We also send home the "Holderness Central Pipeline" on a monthly basis. The "Pipeline" includes newsworthy items of interest and also contains a brief summary of learning activities in certain classes. We hope they are informative. The Friends of Holderness Central School (FHCS) is our parent organization that plans programs which are designed primarily to bring our community together for social events. Co-chairmen this year are Carol Gellert and Marcia Jackson. A book fair and bake sale have been held at this writing. Plans call for a casserole supper, another book fair, and a faculty-student softball game. Due to the interest and effort of many parents who are a part of FHCS, social gatherings are held and money has been raised. The funds have been used to purchase boys' and girls' basketball uniforms, support the skiing program, and provide dental care for needy youngsters.

As we look forward to the immediate future, there are at least two nationwide issues we must be aware of. One is P.L. (Public Law) 94:142 which is the "Education for All Handicapped Children" Act. In essence the law mandates a free, appropriate public education to all handicapped children, ages 3-18. As of this writing, the Attorney General of our State has issued an opinion which indicates that it is the responsibility of each local school district to bear the excess cost of this "appropriate" education. There is no question that this will impose a heavy financial burden on local communities in New Hampshire, and as a result, the Legislature has been asked to consider a bill which would make the excess cost of educating a handicapped child a State responsibility. The second issue revolves around the "accountability" spirit in public education today; accountability on the part of the learner as well as the school. Plainly, "competency based education" is the latest transformation of this spirit or movement, and our school district will be involved in a Supervisory Union effort to analyze its implications for each school.

Holderness Central is proud of its total program. Faculty and administration have worked hard to develop a comprehensive curriculum which includes the basic and essential disciplines of language arts, reading, music, art, mathematics, physical education, social studies, home economics, industrial arts, and science. I want to express my appreciation to our faculty for its conscientious efforts, cooperation, and loyalty, which have made it possible to develop our comprehensive program. We are also appreciative of the support we have received from our school board, students, and community in general. Only by continuing to work for common goals can we effectively maintain what we have built.

Respectfully submitted,  
Robert C. Eames, Principal

**REPORT OF SCHOOL DISTRICT TREASURER  
FOR THE  
FISCAL YEAR JULY 1, 1976 TO JUNE 30, 1977**

**SUMMARY**

Cash on Hand July 1, 1978 (Treasurer's bank balance)		\$10,886.05
Received from Selectmen		
(Include only amounts actually received)	397,948.08
